- 2.2 Helsana keeps a list of the medication for which no benefits or up to 50% of the costs are reimbursed. This list is continuously updated and can be examined at Helsana or a copy can be requested.
- 2.3 No reimbursements will be made for products which appear on the list of pharmaceutical products with special uses (LPPV). This list is continuously updated and can be accessed on Helsana's website, or a copy can be requested.
- 3 Benefits abroad**
- 3.1 In case of emergencies abroad, the costs for inpatient and outpatient treatments which exceed the social insurance benefits are covered. Any co-payments based on legislation in Member States of the European Union (EU) or the European Free Trade Association (EFTA) will be paid, provided that they exceed CHF 300 per illness. In this case, the co-payment exceeding the amount of CHF 300 per event of illness will be covered. The treatment must be scientifically recognised and appropriate. It is deemed to be an emergency if a journey home for treatment in the country of residence is unreasonable.
- 3.2 For inpatient treatment, Helsana, or the Emergency Call Centre designated by it, must be consulted immediately. No benefits according to Section 3.1 will be paid if this organisation is not consulted.
- 3.3 Insured persons who reside in the EU or a country of the European Free Trade Association (EFTA) or spend most of the year there are

excluded under this section if the services were provided in their country of residence or in Switzerland.

4 Personal assistance

- 4.1 If outside of their country of residence an insured person falls ill, has an accident, or if there is a worsening of a medically certified chronic illness, or an insured person dies, Helsana, or the organisation designated by Helsana, will provide the following benefits:

These lists are exhaustive.
